

TeaysValley
CHRISTIAN SCHOOL

**FALL 2020
RE-ENTRY PLAN**

Introduction and Rationale

Teays Valley Christian School is committed to every student and family. Never has this been more important than the current season of Covid-19 as it relates to school life.

Through many interactions with our families, it has become clear that the desires and opinions of what school should look like in the fall ranges from A to Z... and that's ok!

We are committed to delivering an option for everyone. This document will provide details of our 3 re-entry models: traditional, blended, and virtual.

We are committed to meeting the needs of every TVCS Family!

Options for Fall Re-Entry

There are 3 Options for Fall Re-Entry

1

Traditional Option

TRADITIONAL SCHEDULE WITH COVID SPECIFIC MODIFICATIONS

School will be in session, face to face, for all students, 5 days a week!

2

Blended Option

BLENDED LEARNING USING A HYBRID OF IN-PERSON & VIRTUAL TEACHING & LEARNING

This option is available for those families who are not yet comfortable sending their child(ren) back to school in the fall full-time. The blended option will be customized for your child depending on your scheduling needs..

3

Virtual Learning Option

EXCLUSIVELY VIRTUAL TEACHING & LEARNING

This option is available for those families who want to stay at home full-time.

ALL 3 Options will have the same curriculum, rigor, and high expectations that you have come to expect from TVCS!

OPTION 1: Traditional Schedule with Modifications

School will be in session, face to face, for all students, 5 days a week!
The following protocols will be in place to assure student & staff safety, academic excellence, and mission integrity:

Drop Off Procedure:

- All students dropped off before 7:45 a.m. will be dropped off at the Commons.
- All staff and students will have contactless temperature checks upon arrival on campus.
- Temperature Checks between 7:45 a.m. – 8:15 a.m. will occur outside the school at the downstairs elementary entrance and both secondary entrances.
- Parents should make sure their child is cleared to enter school before pulling away from the parking lot.

OPTION 1: Traditional Schedule with Modifications

The facilities and procedures have been modified to encourage hygiene and increase the safety of our students and facilities.

Hand sanitizer stations will be in all classrooms and strategically located around the building.

Bathrooms are being upgraded with **touchless faucets** and **soap dispensers** (Paper towel dispensers are already touchless)

Water fountains are being converted from traditional water fountains to bottle filling stations.

Temperature checks will occur daily for students and staff.

Anyone with a temperature above 100.4 will not be allowed in the building. Other symptoms such as coughing, shortness of breath, and vomiting will result in a student being required to stay at home.

OPTION 1: Traditional Schedule with Modifications

Health and Safety Daily Routines and Improvements:

- Restroom visits for students will be spread out so that there is minimal contact between classes.
- Lunches for ALL students will occur in their classrooms. The hot lunch program will continue to be an option for all students.
- Recess will be closely monitored to minimize student contact, and multiple grades will not have recess together.
- All “touched” surfaces in classrooms will be sanitized throughout the day by the teachers.
- Custodians will clean and sanitize the entire facility daily.
- Frequent hand washing will be encouraged in addition to the new hand sanitizer stations.
- Staff and students may wear face coverings, but it will not be mandatory.
- Secondary classes will not change classrooms, but teachers will rotate to students to limit hallway interaction.

OPTION 1: Traditional Schedule with Modifications

Field Trips

There will be no field trips during the first nine weeks of school unless approved by the administration. Thereafter field trips will be minimal and may involve only parent drivers and locations approved by the administration.

Visitors

Visitors to the school will be limited to the main office entrance or to guided tours if necessary. Classroom visitors, guest speakers, etc. will not be allowed unless approved by the administration and only then after a temperature check.

Assemblies/Chapels

Chapels are an integral part of the spiritual formation program of Teays Valley Christian School. Chapels will continue with modifications as needed.

No other assemblies will occur in the first 9 weeks of school.

COVID-19 Outbreak Plan

In the event of a positive case of COVID-19:

- If a confirmed case of COVID-19 occurs in a student or staff member, the school will be shut down for two calendar days for cleaning.
- The name of the individual who tests positive will not be made public.
- That individual will be required to self-quarantine for 14 days. The student will continue classes via virtual instruction for the quarantine period.
- If a “break-out” of cases occurs a shut-down of a longer duration may be necessary.

In the event of a “State-of-Emergency”:

- If a state of emergency is once again declared and schools close, then TVCS will have to close and go virtual as well.
- It is our prayer and hope that this does not occur, but we are prepared for that contingency.

OPTION 2: Blended Learning – In-Person and Online

OPTION 2: Blended Learning Using a Hybrid of In-Person & Virtual Teaching & Learning

- This model is available for those families who are not yet comfortable sending their child(ren) back to school full time in the fall.
- Students can attend school part time, following all the guidelines of Model #1, and stay home part time, using the Google Classroom platform through TVCS virtually.
- Details of this plan will vary greatly depending on the amount of time at home or school, grade level, and home factors such as internet access, proper device, and parent support. If this is an option that you are interested in exploring, our planning team can meet with you to custom design what works best for you.

OPTION 3: Exclusively Virtual Teaching & Learning

Option 3: Exclusively Virtual Teaching & Learning

- This option is available for those families who want to stay at home full-time.
- This experience will far exceed the virtual instruction of the final eight weeks of the 2019-2020 school year.
- ***The Virtual Teaching and Learning Option will have the same curriculum, rigor, and high expectations that you have come to expect from TVCS!***

Technology Upgrades

To better facilitate all learning options, technology upgrades were essential for re-entry in the fall.

- All students grades 3 through 12 will now have a device to facilitate a technology enhanced learning experience, promote digital literacy, and simplify the instructional transition to a virtual environment should it become necessary.
- Technology infrastructure upgrades have been made to accommodate the new device requirements throughout the school.

Minimum Device Requirements for Fall Reopening

Grades 3rd - 5th

Minimum iPad Specifications

Type	10.2 inch iPad
Specifications	Generation 3 or higher, Wi-Fi capable, 32GB Storage
Pricing	Amazon new \$250 Walmart \$279 WVDE State Contract Pricing \$294

Grades 6th - 12th

Minimum Chromebook Specifications

Type	Acer Chromebook 311, 11.6"
Specifications	32GB, Intel Celeron N4000, 1.10 GHz Dual-Core Processors
Pricing	Amazon new \$269 WVDE State Contract Pricing \$280
